FROM : Registrar, TR

SUBJECT: Weekly Activities Report No. 19
12 - 16 July 1965

25 YEAR RE-REVIEW

I. SIGNIFICANT ITEMS

None

II. OTHERS

B
A. I am advised by the officer in charge of the Advanced Intelligence Course, Defense Intelligence School, that CIA will be invited to enroll three students in the September running of the course. Component Training Officers were invited, two weeks ago, to submit candidates to the Training Selection Board by 2 August.

25X1
B. At the suggestion of [redacted], A & E Staff, we will include in our George Washington University Off-Campus Program a course in Child Psychology. [redacted] who, with [redacted] 25X1
[redacted] has taught Basic Psychology in the previous Off-Campus sessions advises that this is the next appropriate step for those who have had the basic courses.

25X1
C. Identification cards are presently being distributed by the Office of Personnel to Summer Employees who will attend the 20 July session of the White House Program for Summer Employees. This first session will be at the Sheraton-Park Hotel (see program attached). Two OTR Summer Employees have been selected to attend this first session as part of the Agency's quota. The session in August at the White House will be open to all. [redacted] is handling the bulk of details and the levy on my help and time has been minimal.

25X1
D. All Directorates, the Office of the Inspector General and the Office of the General Counsel have been contacted and have agreed to participate in a briefing of [redacted] 25X1
[redacted] the Agency's PIO designate. I hope to have a schedule of briefings completed by Monday, 19 July, for presentation to Colonel White.

Weekly Activities Report No. 19
12 - 16 July 1965

25X1 E. [] called to say that unless OTR has objec-
25X1 tions, OCR plans to sponsor in October (18 or 25) a four-day
25X1 course "Evaluating Document Retrieval Systems." This is a
25X1 course given by [] of the Center for Information
Resources Inc. [] will contract with OCR to present
this course at Langley at approximately \$50 a head to be paid
for from OCR. [] plans to schedule thirty OCR people
for these four days although he will make certain of these slots
available for others if there is a demand. [] can
handle more than 30 and I would like to suggest to []
that we open the course up to general Agency participation, al-
though limiting the number of employees, and handle it as Ex-
ternal Training, paying for it from External Training Funds.
It would be a big savings over individual enrollments at the
Center for in this way we could train three to four times as
many people for the same cost.

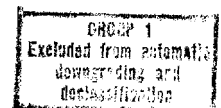

B F. We have received from the Civil Service Commission
formal notification of the final allocation to CIA of spaces
for FY-'66 seminars at the Kings Point Center. The training
spaces reserved for Agency use are precisely the ones we speci-
fied except that we were given only two of the six slots sought
in runnings of the Seminar on Skills and Goals of Management.

G. During the past several weeks [] has given a
large proportion of his time to work with [] on the
Long Range Program Plans. He continues to support the Registrar
effort, moving back and forth between the two offices.

25X1 H. The External Training Branch remains under strength by
25X1 one staff member with no replacement in sight for []
[] who has been gone for more than two weeks.
[] moves to the Ops School 19 July and we have
no replacement for her.

Developing Our Human Resources

HONORABLE R. SARGENT SHRIVER, JR.

"I do not believe that the Great Society is the ordered, changeless, and sterile battalion of the ants.

It is the excitement of becoming--always becoming, trying, probing, falling, resting, and trying again--but always trying and always gaining.

In each generation - with toil and tears - we have had to earn our heritage again."
